

Compaction tables used with roller conveyors

VT/R 3/6

Dimensions: Carton Size 5" X 20" Load: 55 lbs

Features: Air bags lift compaction table "fingers" between rollers to elevate and settle material in cartons.
Pneumatic linear vibrators provide the precise amplitude and frequency to settle the product quickly and quietly.

VT/R 4/5

Dimensions: Carton Size 16" X 20" Load: 36 lbs

Features: Air bags lift compaction table "fingers" between rollers to elevate and settle material in cartons.
Pneumatic linear vibrators provide the precise amplitude and frequency to settle the product quickly and quietly.
