

CDX Explosion Proof Electric Vibrators

MARTIN® CDX Series Vibrators provide powerful vibratory force to keep material moving. They are engineered for applications in hazardous environments, where explosive gases and dusts are present.

Each one comes with a 3 year warranty.

FEATURES

Approved for Hazardous Duty

Certified for North American use by CSA and UL for Class I, Division 1, Groups C and D and Class II, Division 1, Groups E, F, and G. Ductile iron models are ATEX Certified.

Full Range of Sizes

Line offers from 650 to 44,000 pounds of centrifugal force, including the smallest and largest explosion-proof vibrators on the market.

Efficient Design

High output force-to-weight ratio.

Larger Bearings

New design includes larger bearings for longer life.

Withstands Severe Temperatures

Rated for applications with continuous ambient temperature from -4° to 104° F (-20° to 40° C).

Designed to Meet Your Needs

Built for tough conditions. Invert Duty; Dual Voltage; Adjustable weights with cast weight covers. Vibrators available in any electrical rating.

Easy Maintenance

External grease fittings make lubrication easy; smallest sizes are lubricated for life.

Superior Customer Service

Faster delivery from domestic stock. Local service and technical support.

Unmatched 3-Year Warranty

MARTIN® Electric Vibrators lead the industry with a 3-year warranty.
